“Great players are the ones who can raise the level of their teammates, Armaan is a guy like that. You surround him with people, because he makes the right plays and guys like playing with him. He’s able to build their confidence, and you see guys around him raise their game.”

- **Brian Snow**

“I love the way he shoots the ball. He had a terrific season scoring the ball. And I think he’s a kid that really, really works hard. You’ll see him get better fast.”
